

CATALOG 2025

Lucas McKearn is a partnership between Flambeau Lighting and Elstead Lighting which was created in 2016. It is a design focused company dedicated to creating some of the world's more unique interior lighting.

Elsstead is a UK based company; owned by the Lucas family since 1969. Borne out of an old engineering and blacksmith tradition; Elstead now specialises almost entirely on decorative lighting. Today their products are sold in more than 50 countries worldwide.

Flambeau is a Louisiana based brand that was established by the McKearn family over 20 years ago. Products influenced by the city of New Orleans; Flambeau has developed a rich tradition for bold designs with a twist of whimsy.

The merger allowed the combined brand of Lucas McKearn to develop new categories such as bath and picture lights and greatly expand our design footprint and production facilities.

Our design team works tirelessly to develop distinctive designs using a multitude of textures and finishes. Inspired sculpture is the heart of our design ideal. We then overlay those ideas with beautiful finishes. This includes: hand applied gold and silver leaf which is then antiqued. Some Flambeau shades are painted and finished with distinctive aging and umber applied. Metal plated products are polished four times to ensure a depth and clarity rarely seen today. Much of our blown glass is from Europe and is of the highest quality. A lot of the fabric shades are hand made in our English production facility using the finest materials and craftsmanship at every level of the design and production process.

When a perfect fusion of innovation, craftsmanship and design is achieved; the results can be spectacular. The Lucas McKearn collection 2025 presents its most comprehensive range to date. We hope you enjoy this catalog and the experience of using our products.

We truly appreciate your business.

Jonathan and Deborah Lucas, Joe and Todd McKearn

CEILING & WALL FIXTURES

CEILING & WALL FIXTURES

"Create lighting that fits today's home; blending sculpture, hand finishes and unique style."

This is the task Lucas McKearn set about achieving as we developed our product line. Multiple designers banded together with an overriding mission to create distinctive interior lighting for today's home. They include; Joel Tomlinson, Karyl Pierce-Paxton and Paul Grüer.

The result of this work is the collection of chandeliers, sconces and pendants in the pages to follow. We hope you enjoy seeing them as much as we enjoyed creating them.

Model shown: Saucer 4 Lt Small Pendant (PD30210-20)

- » **FINISH:** Aged Brass
- » **MATERIALS:** Steel, Cased Opal Glass

- » Mid-Century Modern styling
- » Combination of conical and round shapes

PORTABLE LIGHTING

PORTABLES

We also have a multitude of glass lamps on offer in this catalog, which are both mouth blown and hand crafted. They offer a variety of color, tone and shape to the Lucas McKearn Collection. Some feature the unique dual-lit arrangements, where the user can opt to have both light sources lit in the shade and the glass base, or just the shade or just the base on its own. When the light is on in the glass base, an amazing light optic appears on the surfaces surrounding it.

Our Flambeau table lamps feature sculpted decorative elements with hand leafed and painted finishes. All then topped with a patina that provides additional depth and quality.

The unique styles designed by Paul Grüer, Bennie Burts and Elaine Gleason; make these items focal points rather than background elements when placed in the home.

Model shown: Lena 2 Lt Large Table Lamp (TLG3026L-OWSS)

These table lamps have independent light sources for the shades and bases

BATH & VANITY LIGHTING

BATH & VANITY LIGHTING

Lucas McKearn is proud to present our latest collection of damp rated bath and vanity lighting.

This category fully expresses the Lucas McKearn design vision. We incorporate combinations of traditional plated metals such as polished brass, polished chrome and matte black, then added unique accents. They include sculpted hand leafed back plates and finials. Unique glass shapes as well as textured metal elements to make them stand out from the crowd.

The overall look blends beauty with substance. Our goal is always to bring the most beautiful designs possible to the customer, and we feel this collection of bath and vanity lighting delivers on that goal. We hope you enjoy using them as much as we have enjoyed creating them.

ACCESSORIES

ACCESSORIES

Lucas McKearn proudly presents our collection of decorative and hand crafted accessories.

Renowned sculptor Benjamin Burts is the driving force in this category with his distinctive and timeless collection of decorative bowls. Unique shapes and sizes are topped with hand applied gold and silver leaf and then antique glazed to add depth and substance to all of his work, giving each piece a unique feel.

We are also excited to have a variety of mouth blown glass vases from Europe. We hope you enjoy them in your home.

Additionally, we offer a small group of stools and candle sticks by Paul Grüber. Bold and beautiful like all of his work.

MOSAIC LUXE

- » Mosaic Luxe Bowl is a unique Paul Gruer design
- » Strips of textured, gilded cutouts are woven together to create a unique tapestry that rests atop a matching gilded base
